

TIMBER CREEK HS MAYDE CREEK HS S. O. S.

Schools Outfitting Schools

Timber Creek High School and our Falcon Fury feeder schools want to help our sister high school – Mayde Creek High School – and their students in Katy ISD who have suffered tremendous loss during the devastating floods brought on by Hurricane Harvey. We are asking you to help us provide as many students as possible with a backpack filled with basic school supplies, a planner, and a stainless steel water bottle once they begin their return to their classrooms for the 2017-18 school year. We hope to make an impact in an area that may not have as much support when regular routines are once again established.

Collection Dates: September 1 – September 21

Delivery Date: September 23
